Re: Request for Class II Permissive Change

Enclosed is an application and exhibits for a Class II Permissive Change of wireless intercom transmitter Model JLFTIU1, which is manufactured by The Chamberlain Group Inc.
The original Date of Grant JLFTIU1 was June 14, 2006.

The transmitter referenced in the original test report as model OTIU, is identical to the Wireless Interface unit JLFTIU1. Both the model number and the FCC identifier are molded into the plastic case bottom.

We have made a minor circuit board change which is not related to the RF circuit. The new schematic is dated 3-31-08, Rev. F. Enclosed are the standard attachments along with the new report data from ULEMC.

Also, please apply the Confidentiality Request of the original submission to this application. Please include the schematic, block diagram, and theory of operation as part of the confidentiality request.

We would appreciate your prompt attention to the submittal.

Sincerely,
THE CHAMBERLAIN GROUP, INC.

A handwritten signature in black ink that reads "Barbara P. Kelkhoff". The signature is written in a cursive style and is positioned to the left of a vertical red line.
