RE: On Track Innovations Ltd.

FCC ID: JNX-OTI-SATURN

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) Since this device may be considered as a PC Peripheral under a DoC authorization, then a compliance information sheet should be included in the manual or alternatively may be placed on the same page as the FCC statements. This information should contain the following information regarding DoC compliance:

**COMPLIANCE INFORMATION (47CFR 2.1077)**

If a product is tested and authorized under a Declaration of Conformity, a compliance information statement shall be supplied with the product at the time of marketing or importation, containing the following information:

- (1) Identification of the product, i.e. name and model number.
  - (2) A statement similar to that contained in Section 15.19(a)(3) that the product complies with Part 15 of the regulations. (already in manual, only necessary if compliance sheet is provided separately)
  - (3) The identification, by name, address and telephone number, of the responsible party. The responsible party is defined as either the manufacturer, or if the equipment is imported, the importer. The responsible party for a Declaration of Conformity must be located within the United States.
- 2) Since the BNC connector is not incorporated into this version of the product, please provide an updated schematic which reflects the current version being certified.
