Dear Steve,

Thank you for your comments on this application!

The following items are our replies for your comments:

Question #1: Both POA and confidentiality request letter have to be dated on letter.

=>Our client revised the letters, and we uploaded the revised letters to ftp.

Question #2: P 2.925 Label must be permanent affixed to the EUT, please clarify if ID is permanently affixed to the EUT?

§ 2.925 Identification of equipment.

(d) In order to validate the grant of equipment authorization, the nameplate or label shall

be permanently affixed to the equipment and shall be readily visible to the purchaser at the time of purchase.

=> Yes. The lable will be permanently affixed to the equipment and shall be readily visible to the purchaser at the time of purchase.

Question #3: Mission Operational description document. Please submit.

=> Sorry for our omission. The OpDes file was uploaded to ftp.

Thanks!
