

Read Manual Before Product Use.

WARNING! FIRE & ELECTRIC SHOCK HAZARD:

RISK OF FIRE OR ELECTRIC SHOCK WHICH MAY RESULT IN PERSONAL INJURY OR DEATH. Use as instructed.

Safe Usage Guidelines for Products

- Install in accordance with the manufacturer's instructions.
- Maintain a minimum distance of at least 6 inches (15 cm) around apparatus for sufficient ventilation.
- Do not block any ventilation openings.
- Ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table clothes, curtains, etc.
- Do not push objects into apparatus vents or slots.
- Place apparatus in a stable location so it will not fall.
- No naked (open) flame sources, such as lighted candles, should be placed on or near the apparatus.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized plug. A polarized plug has two blades with one wider than the other. The wide blade is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- The apparatus shall be disconnected from the mains by unplugging the power cord of the apparatus from the AC mains receptacle.
- The socket-outlet shall be installed near the equipment and shall be easily accessible.
- Do not use this apparatus near water. Do not expose this apparatus to rain or moisture.
- This is not a Children's Product and is not intended for use by children under 14 years old.

POWER SUPPLY WARNING! The power supply is for indoor use only. Only use the power supply included with your product. Do not attempt to repair or use a damaged power supply. Do not immerse the power supply in water or subject it to physical abuse. Inspect the power supply regularly for cable, plug, and casing damage.

BATTERY WARNING! Improperly replaced batteries may present a risk of leak or explosion and personal injury. Mistreated rechargeable batteries may present a risk of fire or chemical burn. Do not disassemble or expose to conducting materials, moisture, liquid, or heat above 54°C (130°F). Do not use or charge the battery if it appears to be leaking, discolored, deformed, or in any way abnormal. Do not leave your battery discharged or unused for extended periods. Do not short circuit. Your device may contain an internal, rechargeable battery that is not replaceable. Battery life varies with usage. Non-operational batteries should be discarded according to local laws. If no laws or regulations govern, dispose of your device in a waste bin for electronics. Keep batteries away from children.

Establish Safe Listening Volumes.

WARNING! Avoid hearing damage. Listening to this product at high volumes or for extended time periods may cause permanent hearing loss. Protect your hearing by establishing safe volumes:

- Start your product with the volume control at its lowest setting.
- Slowly increase the volume until you can hear it comfortably and clearly without distortion.
- Reduce the volume or stop listening if you experience ringing in your ears. Have your hearing checked by a physician.

- Do not exceed 50% of the maximum volume for your audio playing device.

Logitech Compliance. For Product Safety, EMC, and RF information, go to www.logitech.com/compliance. Maintenance is not required for product compliance.

FCC statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy. And, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Where shielded interface cables or accessories have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC. Changes or modifications to product not expressly approved by Logitech, Inc could void your right to use or operate your product by the FCC.

IC statement : CAN ICES-003 (B) / NMB-003 Class (B)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cordless (Radio Transmitter) products: Section A, RSS-310 (27 MHz transmitters and receivers): This Category II radio communication device complies with Industry Canada Standard RSS-310. Section B, RSS-210 (2.4 GHz transmitters or transceivers): This Category I radio communication device complies with RSS-210 of Industry Canada.

Radiation Exposure Statement

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Caution: (i) the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems; (ii) high-power radars are allocated as primary users (i.e. priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

Brazil Statement:

Este equipamento opera em caráter secundário, isto é, não tem direito à proteção contra interferência prejudicial mesmo de estações do mesmo tipo e não pode causar interferência a sistemas operando em caráter primário.

Mexico Statement:

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia incluyendo la que pueda causar su operación no deseada.

Congratulations! There is a very good chance that you are the first person to have read this far. Enough of the legal stuff. Go and connect to your UE ROLL, grab some friends, start a party somewhere and then share the pics with us. #UEROLL #makemusicsocial
