Description of Permissive Change

The application is preparing for FCC Class II Permissive Change. The differences compared with the original application are:

1. Due to component shortage, Change RF inductors and caps from 0402 to 0201 size, change Crystal package from PTH to SMD. (Involved inductors and caps part number: C1, C2, C3, C4, C5, C6, C7, C9, L1, L2, L3, C12).
2. Rename the antenna type from "PCB Printed" to "Printed monopole antenna".

Except for the changes mentioned above, no other modification is performed. These changes do not affect RF parameters.
