OCT 11 2006

Mr. Andy Leimer
Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

The Federal Aviation Administration, Office of ATC Spectrum Engineering Services, has reviewed the Type Acceptance Certification request from Selex Sistemi Integrati, Inc. for their 960.0-1215.0 MHz Distance Measuring equipment Model 1118A, Federal Communications Commission ID number JPADMEL2. The technical data for this equipment was sufficient for review and is consistent with the spectrum requirements for this type of system. Therefore, based on our review of this we have no objections to certification of this device.

Should you have any questions or concerns, please contact Mr. Donald Nellis, Spectrum Planning and International Office, at (202) 267-9779.

Sincerely,

Oscar Alvarez
Acting Director, ATC Spectrum
Engineering Services
