RE: JPZ0145 / 2851A-JPZ0145 Equivalent model numbers

To Whom It May Concern:

Please be advised that the RMJS-8T-DV-B and RMJS-8T-DV-B-EM are electrically and mechanically identical.

The -EM model has additional, non-RF, functionality to set a customer specified light level and lock out control during an emergency condition within its installation.

Sincerely,

Steve O'Donnell
