RE: Request for Dismissal

Lutron Electronics Co., Inc. is requesting Dismissal of FCC ID: JPZ0147 Granted on October 02, 2023.

The following are the reasons behind our request:

Lutron Electronics is not ready to publicly discuss models under FCC ID: JPZ0147. Additional details on deployment and marketing are still needed beyond the current STC expiration date. We request this dismissal as soon as possible to avoid STC exhibits being released to the public.

We declare that devices bearing the referenced FCC ID: JPZ0147, have not been sold, marketed, or produced anywhere in the world.

We have plans to produce this product in the future. If possible, we would like to use the same FCC ID as was used in the original application.

Sincerely,

Signature
