

Photos
SmartTRANS 814xD Product Line of Proximity Card Readers
for Regulatory Submittals

The following photos show the product line and construction thereof.
Each photo is descriptively labeled.

The internal CCA's may be placed in other plastic enclosures not shown in the photograph below – not affecting compliance.

From Right to Left (Products in Plastic Enclosures)

1. Mullion Reader
2. Mullion Reader with Keypad
3. SmartReaderII V01.03 – Main CCA used in every product
