Product Name: Mark IV Industries Transponder
Date of Grant: 9 November 2006, Class II permissive change

Request for Supersede of Confidentiality exhibit

Pursuant to Sections 0.457 and 0.459 of the commission's rules, confidentiality may be requested for materials that contain trade secrets and proprietary information and are not customarily released to the public. The initial confidentiality request uploaded did not request confidentiality for the internal photographs.

Subsequently the Grantee provided additional justification, which is included in the revised confidentiality request letter, for holding the internal photographs confidential.

This letter is to request that the original confidentiality request letter be superseded and that the internal photographs be held confidential based on the justification from the Grantee.

Sincerely

S.C Beck
Director of Certification
