801660B Model Differences

The only manual/instructions provided to end user are the mounting instructions. There are no user modifiable features in the product.

The mounting instructions differ by vehicle type. The instructions are attached as appendices.

- Appendix 1 contains the instructions for models 801660B-TAB, 801970B-TAB, 801990B-TAB and 802690B-TAB.
- Appendix 2 contains the instructions for models 802001B-TAB and 802700B-TAB.

The instructions also contain the FCC notice required by Part 15:

FCC License Notice - This device complies with part 15 of the FCC rules. Operation is subject to the condition that this device does not cause harmful interference.
