

Equipment Authorization Division
Federal Communications Commission

Request for Short Term Confidential Treatment of Exhibits to Application for Equipment Authorization for the JANUS® HOTPass® Interior OBU, JQU802120

On behalf of Kapsch TrafficCom IVHS ("IVHS"), we request short term confidential treatment for the following exhibits filed with IVHS's application for equipment authorization for JANUS® HOTPass® Interior OBU, JQU802120 is being filed concurrently:

JANUS® HOTPass® Interior OBU – INTERNAL PHOTOS

IVHS requests that this exhibit be treated as confidential and withheld from public inspection until the device is publically marketed in accordance with Section 0.457(d) (trade secrets) of the Commission's Rules, pursuant to Section 0.459(b) of the Commission's rules. IVHS competes with a number of companies that are developing and marketing products for the same market. The internal design of new products including, but not limited to, component selection, RF layout, mechanical and assembly approach, is considered a trade secret and is not publically provided outside of the company. The internal photographs disclose such detail. Pre-marketing disclosure of such information to competitors will compromise IVHS's competitive edge.
