

Equipment Authorization Division  
Federal Communications Commission

**Request for Short Term Confidential Treatment of Exhibits to Application for Equipment Authorization for the product brand TRP-8100, proposed FCC ID: JQU802477**

On behalf of Kapsch TrafficCom Canada Inc ("Kapsch"), we request short term confidential treatment for the following exhibits filed with Kapsch's application for equipment authorization for the product brand TRP-8100, with FCC ID JQU802477 which is being filed concurrently:

**TRP-8100 – INTERNAL PHOTOS**

KAPSCH requests that this exhibit be treated as confidential and withheld from public inspection until the device is publically marketed in accordance with Section 0.457(d) (trade secrets) of the Commission's Rules, pursuant to Section 0.459(b) of the Commission's rules. KAPSCH competes with a number of companies that are developing and marketing products for the same market. The internal design of new products including, but not limited to, component selection, RF layout, mechanical and assembly approach, is considered a trade secret and is not publically provided outside of the company. The internal photographs disclose such detail. Pre-marketing disclosure of such information to competitors will compromise KAPSCH's competitive edge.

Sincerely,

Dated this 31 Day of March 2014
