

SCOPE COMMUNICATIONS UK LTD

Scope TX1W MK1 Transmitter; Modular Declaration

The TX1W MK1 transmitter module is intended for use in a variety of transmitter systems.

TX Model: TX1W MK1
FCC ID: JRNUSA1WTX

Intended Frequency range: 446-469.700 MHz

Power supply input: 12V dc.

Variants

It is hereby declared that the identical TX1W MK1 radio module is fitted to the following Scope products:

Connexions MK6
X-Lite MK3
Digilink MK3

The only difference being the chassis enclosure and digital interface circuit board of each product, which is external to the TX1W radio module.
