

# SCOPE COMMUNICATIONS UK LTD

## Scope ECTX MK1 Transmitter submission for RF testing to FCC Part 90

The transmitter module has been supplied for test fitted on a representative encoder board (Model SMXL Mk2) which includes a serial port for inputting data.

TX Model: ECTX MK1

TX Type Designation: ECOLINK

FCC ID: JRNUSAECOLINK

Intended Frequency range: 450-470 MHz

Power supply input: 12V dc.

### Variants

It is hereby declared that the identical circuitry of the ECTX MK1 radio module is fitted to the following Scope products:

Connexions MK3

Datapage MK2

Datapage Lite MK1

X-Lite MK2

Digilink MK2

The only difference being the digital interface circuitry of each product, which is external to the "macro'd" ECTX radio module.

### Temperature Shut Off

For the purposes of FCC Pt. 90 testing, Scope declares that the TX will shut off between 0 and -10 deg. C. This is achieved using a software monitored thermistor.
