RE: FCC ID: JUP80350000A Request for dismissal

Please dismiss the referenced FCC ID granted on 12/11/2008

The applicant is requesting the dismissal due to the following:

They decided after the grant was issued that the antenna used in conjunction with the modem module in the certification testing did not offer an acceptable level of performance and efficiency for practical applications.

It has not, nor ever will be marketed.

The intention is to replace a higher gain antenna and resubmit.

Thank you.
