FCC Certification

Gentlemen,

In accordance with 0.459 of CFR 47, Trimble Navigation hereby requests confidentiality of all attachments for the subject application. Block Diagrams, Schematic Diagrams, Parts Lists (BOM), Operational Description and Theory of Operation are considered Trimble Navigation Confidential.

These documents contain detailed system and equipment description and related information about the product which Trimble Navigation considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Trimble Navigation considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Palomo".
