RE: BenQ Corporation
FCC ID: JVPAWL200

Dear Timothy:

After the review of your comments, we have made some response upon your advice; they are summarized as follows:

1. Please be advised that JVPAWL200 is now withdrawn from applying the modular approval and applying the stand-alone instead. Attached is the report about the sample tuned for meeting the requirement for such device. Please do kindly discard the report before and review the one along this uploads.
2. The RF exposure exhibit is updated with calculation of +1.68dBi, per you comment.
3. The report (Pg.13) is updated with the most appropriate description of the antenna.
4. The data sheet is uploaded per your requests.

Should you have any questions or more information is requested, please don't hesitate to ask us.
Thank you.

Sincerely yours,
Eric Wong
