Dear Sir/Madam,

Re: Description of Modifications for Class II Permissive Change

The items listed below represent the modifications made to the Dana Wireless unit as applicable to this request for a Class II Permissive Change:

- Substitute 4 discrete wires in place of the 10-pin connector, which connects the 802.11b wireless module to the main PCB.

There are no additional technical documents for this change.

Sincerely,

A handwritten signature in black ink that reads 'Ron Butterworth'.
