Attn: Reviewing Engineer

RE: Class II Permissive Change request for MODEL: TM-D710GA, FCC ID: K44397700.

To whom it may concern:

I request a Class II Permissive Change. There are no changes to the basic frequency determining and stabilizing circuitry (including clock and data rates), frequency multiplication stages, basic modulator circuit or maximum power or field strength ratings. The only change to the device is the addition of the following parts:

Added GPS receiver unit on the PCB of Display unit.

There is no change in external appearance.

Please contact me if you require any additional information.

Sincerely,

Tamaki Shimamura  
Communications Equipment Division
