Re: Request for Confidentiality on I.Will 300-24 Access Point - Schematic Materials
Ref. FCC ID: K4BAP01

Dear Sir/Madam,

Please accept this request, as provided by Section 0.459, that the following materials or documents submitted as part of the Certification application for the I.Will 300-24 Access Point be treated as confidential, never to be disclosed by the Commission, due to the fact that such materials contain trade secrets and proprietary technical information, which is the sole and exclusive property of Wi-LAN, Inc. of 300, 801 Manning Road NE, Calgary, Canada, T2E 8J5:

1. Wi-LAN Schematic: Drawing No.: 9320-0000,
Title: Ethernet Interface 10/100BASET, 15 Sheets
2. Wi-LAN Schematic: Drawing No.: 9320-0001,
Title: OFDM MODEM 30MBPS, 28 Sheets
3. Wi-LAN Schematic: Drawing No.: 9320-0002,
Title: RF Interface 30 MBPS, 13 Sheets
4. Wi-LAN Schematic: Drawing No.: 9320-0003,
Title: TRANSCEIVER 2.4G 33M BW, 7 Sheets

It is obvious that the above listed materials meet the trade secret and technical data requirements specified in Section 0.457(d), since possession of this material would allow another party technical capability in being able to reproduce the product and competitive advantage in understanding the products design.

Wi-LAN has taken action to prevent unauthorized disclosure by providing on each and every sheet of the afore-mentioned schematic drawing materials a PROPRIETARY NOTE.

Respectfully yours,

Eric Godberson - Manager, Product Delivery
