Gentlemen:

We are requesting a Class II Permissive Change for our model numbers listed above with corresponding FCC Identifiers. These radios comply with the requirements of the FCC Part 90 regulations. The new models have 256 channels memories and no changes in the basic frequency determining circuitry including multiplication stages have been made to them as the original ones filed.

Should you require additional information relating to these products, please do not hesitate to contact us. Thank you and we would appreciate your consideration.

Best regards,
