Timco Engineering, Inc. 849 NW State Road 45 P.O. Box 370 Newberry, Florida 32669

Subject: K6610613030 justification letter for expanded frequency range 134-174 MHz

## Gentlemen;

You have asked Vertex Standard for justification to have the 134-174 MHz freq range appear on he face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

- (1) Vertex Standard's Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, cannot operate outside bands 134-150 MHz, as controlled by the users' FCC station license.
- (2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in 134-150 MHz frequency range.

Sincerely,

Vertex Standard Co., Ltd.

Mr. Moto Kurihara

Group Leader of Engineering Division
