RE: FCC ID No. K6610614630
Model No. VX-2100-G6-25 and VX-2200-G6-25

Gentlemen:

We are requesting a Class II Permissive Change for the above listed FCC Identifier. These radios comply with the requirements of the FCC Part 90 regulations. There have been no changes in the basic frequency determining circuitry including the multiplication stages.

The only changes to the device is the replacement of the following part:

RF power amplifier module
Original module name: S-AU83AL (TOSHIBA CORPORATION)
Replacement module name: RA30H4047M1 (MITUBISHI ELECTRIC CORPORATION)

This replacement part is electrically identical to the original part and is pin for pin compatible.

Should you require additional information relating to these products, please do not hesitate to contact us.

Thank you and we would appreciate your consideration.

Best regards,

Y. Tomita, Officer
Engineering Division
Vertex Standard Co., Ltd.
