Subject: K6610854720

Gentlemen;

This Class II Permissive change is to add to the grant note that the output power is continuously variable between 0.25 Watts and the listed power of 5.0 Watts.

There have been no changes to the device and test data down to 0.25 Watts is included with this filing.

We would like this note added for marketing purposes.

Sincerely,

Vertex Standard Co., Ltd.

Shigemitsu Takahashi
