Timco Engineering, Inc.  
849 NW State Road 45  
P.O. Box 370  
Newberry, FL 32669

SUBJECT: Applications for Certification for FCC ID: K6650033X30 and IC: 511B-50033X30,

Model: FTA-850

To Whom It May Concern:

Per our label location exhibit, we will place our label on the inside of the radio under the battery. The reason for this is as follows:

The radio is small and the only place to put the label would be on the back of the unit; which is the battery and is removable. Per the FCC and IC rules, the label is not permitted to be placed on a removable part of the device. Therefore, we will place it under the battery.

When the radio is purchased, the battery is not installed; therefore, the label is readily viewable at the time of purchase.

Regards,

YAESU MUSEN CO., LTD.
