Gentlemen:

In view of the history associated with this radio, the Applicant respectively requests that this submission be accorded 'first-in-line' status.

On behalf of the Applicant, enclosed please find Application Form 731, Engineering Test Report, documentation and filing fees, the whole as per the email of Stan Lyles (dated May 16, 2003).

Please note the following:

- 1) Some of the documentation is preliminary, (still noting the original FCC IDENTIFIER) but will be changed to the new ID.
- 2) The deletion of MURS capability is, and will be achieved by a software change. All references to the MURS function will be deleted from the preliminary manual and documentation.
- 3) An explanatory cover letter is attached to the SAR report.

As you are well aware, this situation is very serious and every effort to speed its Certification will be much appreciated.

Sincerely yours,

Morton Flom, P. Eng.
