RE: Warning Statements

FCC ID: K68ND2585

There are a number of warning statements applicable to the Wireline DataSonde. As the general operation of the Wireline DataSonde is underground, the warning statements will be contained in the user manual 90_UG050OUS (refer to user manual supplied).

A copy of any further warnings that may be applicable when updating the user manual will be passed to TRL TCB as soon as possible.

Note: Its operation is identical to that of the already approved version with the exception of the hard-wiring.

Thank you for your co operation on these matters.

Yours faithfully

Keith Jones
