**RE: CONFIDENTIALITY REQUEST FOR:  
FCC ID: K6KHSD-MK2  
IC ID 1275B-HSDMK2  
M/N: HSD-MK2**

To Whom It May Concern:

This letter serves as an official request for confidentiality pursuant to CFR 0.457(d), 0.459 and IC RSP-100, Section 10. We have requested that the following documents required to be submitted with this application be permanently withheld confidential from public view.

- **Block Diagram**
- **Schematics**
- **Theory of Operation**
- **Parts List (BOM)**

These documents contain detailed system and equipment descriptions and related information about the product, which manufacturer/applicant considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, manufacturer/applicant feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

**Steven Mills,  
Director Engineering,  
EMS Technologies Ottawa**
