Date: September 19, 2012

We, BELKIN INTERNATIONAL, INC. declare that this EUT (FCC ID: K7SF7D7601V1) doesn't have Ad Hoc Mode function on "non-US/Canada frequencies". In addition, the frequency selection feature is disabled by firmware for devices marketed to the US/Canada. For DTS part of this device, only channels 11 will be used in North America. Country code selection is disabled. EUT just have DTS.

Should you have any questions or comments regarding this matter?  
Please have my best attention.

Sincerely yours,

---
