This equipment is being tested in accordance with the requirements contained in the appropriate Commission Regulations. To the best of Belkin's knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the samples tested within the variations that can be expected due to quantity production and testing on a statistical basis. I further certify that we do not provide any controls or software that would allow operation of this device within the United States using any frequency outside of the Commission Regulations for operation in the U.S.

Your sincerely,
