Dear TCB

Per the EMC Regulatory Compliance Engineer of Belkin International, Inc. the following statement shall be added as an insert to already produced manuals, and will be printed in newly produced manuals

“The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment.”

We hope that this addresses the item number 1 in your email dated 5/12/09 regarding the subject FCC ID: K7SF8Z441
