Declaration Letter

To whom it may concern:

We, **D-Link Corporation**, declare that all RF parameters in the U-NII-1 will remain unchanged and the equipment referenced by FCC ID **KA2WA171A1** will continue to comply with the new NII rules. A retest is not necessary. The new rules apply the same test procedures, only the limits have changed allowing higher output power and PSD. Since the product complies with the old rules, it will then automatically, therefore, comply with the new rules.

If you have any questions regarding this statement, please contact us.

Regards,

Shinglin Chung / Associate Vice President
