Declaration for DFS client devices

We, **D-Link Corporation**, declare that the device does not support any non-US channels in all the operational mode(s), like Ad-Hoc...etc, for the following product. Also, the client software and associated drivers will not initiate any transmission on DFS frequencies without initiation by a master. This includes restriction on transmissions for beacons and support for ad-hoc peer-to-peer modes.

If you should have any question(s) regarding this declaration, please don't hesitate to contact us. Thank you!
