

Antenna Information

Internal iMD Antenna Soldered Permanently Mount to Bluetooth PCB

FCC ID: KBCIX-BR-51

Antenna Model	Antenna Part No.	Frequency in GHz	Antenna Type	Antenna Gain Peak (dBi)
Ethertronics Bluetooth Internal (Embedded) Antenna	iMD Bluetooth Antenna	2.39 to 2.49 GHz	Isolated Magnetic Dipole Antenna	2.2

Please Note: The antenna is permanently attached to the BT transceiver embedded within the IX605 on the left front side of the keyboard. It is not accessible to the end user without the use of tools and removing numerous screws and then de-soldering.
