### Overview

This application is for a Class II Permissive Change to the limited modular approval for KBCIX-MC5725 installed in the Itronix IX270 Rugged computer under the FCC rule parts 22H and 24E to allow co-location with radios KBCIX270-WL3945, and KBCIX270-BT2022. MPE evaluations have been submitted for all collocation configurations.

### Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
