Re: Applicant: General Dynamics Itronix, Corporation  
FCC ID: KBCIX-MC8355  
Part 2.933(b) Change in Identification of Equipment

General Dynamics Itronix, Corporation request a change in identification of a previously certified device under Part 2.933(b). The above referenced FCC Identified device operates under Parts 22H, 24E & 27.

The original equipment identification is FCC ID: N7NMC8355.

The original Grantee: Sierra Wireless, Inc. received a grant Limited Single Modular Approval on 08/24/10.

The original Certification test data filed by Sierra Wireless, Inc. for the Certification of the FCC ID: N7NMC8355, continues to be representative of the newly identified device. There are no changes to either hardware or software. Antenna gain including cable loss of the will comply with the grant note requirement that the antenna gain must not exceed 4 dBi in Cellular and 3.5 dBi in PCS 1900MHz/AWS 1700MHz.

This change in identification is requested for the newly identified device, FCC ID: KBCIX-MC8355, which is physically and electrically identical as defined by Part 2.907, to the originally approved module referenced above.

Photographs as required under Part 2.933(5) and a facsimile FCC ID label are submitted with this request.

Please let us know if you might require anything further to assist with your review of this Change in Identification of Equipment.

Best Regards,

Mark Harwood
