Subject: Section 15.203 Compliance, Professional installation of IX600 Vehicle Mount and Antennas

Gentlemen,

The requirements of Section 15.203 Antenna Requirements is met under the provision allowing professional installation where the installer shall be responsible for ensuring that the proper antenna is employed so that the limits in this Part are not exceeded

Itronix IX600 Vehicle Mount and Antennas are installed by Itronix trained professional installation teams. These devices are marketed to and permanently installed in Police Cars / Fire Trucks and other emergency service vehicles only by Professional installers.

Thank you for your attention to this matter.
