Re: Request for confidentiality per Sections 0.457 and 0.459 of FCC Rules
Applicant: Sensus Metering Systems

To whom it may concern,

Request is hereby submitted, on behalf of my client Sensus Metering Systems to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier. In particular, the following sections of the application and report are requested to be kept confidential:

Operational Description

Rationale for request for confidentiality:

Sensus has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.
