### **Radio Systems Corporation**

We, Radio Systems Corporation, for this Application (IC: 2721A-3001186), hereby acknowledges that this product cannot be distributing, leased, or offered for sale in Canada until it is listed on the Industry Canada Radio Equipment List, the power of sale belong to the Radio Systems Corporation or the company which Radio Systems Corporation authorized.

The Boundary Plus® Transmitter is designed to work with an Invisible Fence® Brand Computer Collar® to contain your pet within areas you choose, or teach your pet to avoid specific areas such as flower beds, gardens, or pools. The transmitter produces a signal that travels along the signal field wire and back to the transmitter to produce an Invisible Boundary® barrier.
