Subject: Application for Original Certification, FCC ID: KE33002791

Dear Application Examiner,

Radio Systems Corporation is submitting this application for certification of model SDT52-14791 under FCC ID: KE33002791. The device co-locates a 915 MHz transmitter covered under Part 15.247 and a wireless module which operates in the 2.4 GHz bands FCC ID: T7V1315. System authorization is sought under FCC 15.247. External photos for the device have been submitted with this application.

The antenna is a non-typical polarity connector, therefore compliant to FCC 15.203 unique antenna connector requirements.

Your efforts in reviewing this application are greatly appreciated. Please contact me if there are questions or additional information needed concerning this request.

Sincerely,

A handwritten signature in black ink, appearing to read 'B. Forster', with a horizontal line extending to the right from the end of the signature.

Brian Forster EMC Engineer—SGS North America—
Signing for: Radio Systems Corporation.
