

## **Purpose of Application**

**Purpose of Application:**

The original test results are considered to continue to be representative of the original equipment since there will not be any electrical or mechanical changes. The equipment is undergoing a modification to its identification because the original Grantee (Challenger Division of Wayne-Dalton, Corp., Grantee Code: FON) facility has been closed and all of the production moved to the Pensacola, FL Wayne-Dalton facility (Wayne-Dalton, Corp., Grantee Code: KJ8). This application is being filed pursuant to the FCC's rules specified in 47 CFR 2.929 (d) and 2.933.

Documentation of this transfer has been provided by Wayne-Dalton Corp. as shown in the following letter.

Wayne-Dalton Corp. • Ellyson Industrial Park • 3395 Addison Dr. • Pensacola, FL 32514 • 850-474-9890 • FAX 850-479-4274

Columbia, MD 21045

Gentlemen:

We are requesting a FCC Grantee ID change for some of our products.

Wayne-Dalton Corp. (Mt. Hope, OH) decided to closed our Challenger Division of Wayne-Dalton Corp. facility (NJ) and moved all of Challenger's production to our Pensacola (FL) facility. As a result of that move, the Challenger Division was closed and all of these products are used in products with final assembly or distribution from Pensacola.

We desire to have all of our presently listed "FON" IDs changed to our "KJ8" ID. We are discontinuing the use of our "FON" ID.

These IDs involved are as follows.

<u>Presently:</u>	<u>Change to:</u>
FONINTRMT	KJ8INTRMT
FON02-3047	KJ802-3047
FON02-3039	KJ802-3039
FON01-3036	KJ801-3036
FON02-3048	KJ802-3048
FON02-5011	KJ802-5011
FON02-5006	KJ802-5006

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "James S. Murray". The signature is fluid and cursive, with a large initial "J" and "M".

James S. Murray  
Product Manager, Electronic Devices
