July 30, 1998

US Tech Tim R. Johnson 3505 Francis Circle Alpharetta, GA 30004

Gentlemen:

In reference to the 384MHz Standalone Radio Receiver (FCC: KJ8SAR-384GE) this equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis. I further certify that the necessary measurements were made by US Tech, 3505 Francis Circle. Alpharetta, GA 30004.

Sincerely,

Brian Baisden
