This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This device is intended to be attached to a host that is not used to receive over-the-air broadcast signals. Connection of this device to any other facility may cause harmful interference to radio communications and is in violation of the FCC Rules, Part 15.
