**Overview**

This application is for a class II permissive change to add three models to an existing FCC ID: KKG0624192 in order to extend the operating frequency range for the family of devices. This change allows the devices to operate from 12 kHz to 19.2 kHz. The basic frequency determining circuit has not changed.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
