

July 12, 2010

To whom it may concern,

We are seeking original certification approval of the DigiTrak 19.2 kHz underground transmitter (model: FXL 19.2) under part 15.209 of FCC rules. The FCC ID number for this product is KKG0624192L. The product is an underground low frequency magnetic transmitter for purposes of guiding a horizontal directional drill operation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Rudy Zeller'.
