Overview

Digital Control Corporation is submitting this application for a limited modular approval of radio model DigiRadio, FCC ID: KKGB1DIG1, which operates under Cfr 47 Part 90.217 at 464.5 MHz - 469.55 MHz. The radio module will be used in the Digital Control DigiTrak handheld receivers for the purpose of transmitting and receiving telemetry data during horizontal directional drilling applications. The radio and antenna are installed by the manufacturer and have no user serviceable parts nor adjustment capabilities.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
