<b>Agent</b>	NA
<b>Approval Type</b>	Original
<b>Equipment Class</b>	DCD Part 15, low power Tx below 1.705 MHz
<b>Rule Part</b>	15.209

**Overview**

This application is for an original certification of the DigiTrak Mark Series Transmitter Models DT and DX. The transmitter operates at 33 kHz. It is a magnetic field transmitter used in an underground drill system for purposes of guiding the drill head. The models DT and DX are electrically and mechanically identical; they differ only in color and antenna. They operate on the same frequency with the same modulation.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
