**Overview**

This device is a 12 kHz short range transmitter operating under 47 Cfr 15.209. The unit is used in the head of an underground drilling machine for the purpose of guiding a drilling head from above ground. This application covers 4 models, FS, ES, LS and SES, which are electrically and mechanically identical.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
