Re: Class II Permissive Change/Re-assessment  
for Lear Tx./Rx.  
Model: L0026911, L0066931  
FCC ID: KOBDR05A  
IC: 3521A-R05B

### 125 KHZ TRANSMITTER TEST REPORT

The modifications made to the DUT did not change the LF transmitter circuit or its components. Changes to the PCB layout were minor and are consistent with a Class I change for the transmitter portion of this filing. LF emissions were measured and are consistent with the original filing, and thus no new test report is provided for the LF transmitter.
